to focus on creating new knowledge

5

Tension lines

In trans/interdisciplinary research collaborations, I prefer:

to let societal actors set the research agenda

6

Tension lines

Tension lines

In trans/interdisciplinary research collaborations, I prefer:

to focus on impact

7

Tension lines

In trans/interdisciplinary research collaborations, I prefer:

to use realistic scenarios

8

Tension lines

In trans/interdisciplinary research collaborations, I prefer:

to use dystopian futures to shock people into action

9

Tension lines

In trans/interdisciplinary research collaborations, I prefer:

to clarify everyone's stakes in the collaboration

10

Tension lines

In trans/interdisciplinary research collaborations, I prefer:

to keep science separate from activism

11

Tension lines

In trans/interdisciplinary research collaborations, I prefer:

to avoid conflict at all cost

12

Tension lines

Tension lines

In trans/interdisciplinary
research collaborations, I prefer:

**to include the
private sector in
solutions**

13

Tension lines

In trans/interdisciplinary
research collaborations, I prefer:

**to work towards
towards technological
solutions**

14

Tension lines

In trans/interdisciplinary
research collaborations, I prefer:

**to establish a
common language**

15

Tension lines

In trans/interdisciplinary
research collaborations, I prefer:

-ADD YOUR OWN-

Tension lines
